

Continuous Improvement

Supplemental & Intensive Supports

Heartland AEA consultants partner with district teams to support students in maximizing growth to close the achievement gap through personalized coaching, collaborative efforts and expert consulting. We equip educators with the tools and strategies needed to increase student achievement.

Supplemental & Intensive Supports

Consultants coach, facilitate and support teams as they identify learner needs, assign and evaluate interventions and ensure effective instruction.

System Action Steps

- Assess current reality, practices and beliefs
- Identify learners needing additional support through effective and efficient measures
- Use data analysis protocols for decision-making
- Develop a continuum of evidence-based interventions
- Design and implement matched interventions
- Identify high impact instructional strategies based on individual needs
- Evaluate intervention effectiveness based on results
- Use quality diagnostic tools
- Reflect on growth for next steps

Results-Oriented

We offer expert systems coaching to establish an effective MTSS structure that delivers meaningful results.

Custom Plans

We collaboratively design professional learning plans that are matched to your district's current needs.

Embedded Support

We offer regular coaching for teams and individuals to ensure effective gap closing growth for students.
