

# WHY CHOOSE A Mathematics Instruction Book Study?

Our math consultants are ready to facilitate a book study for your educators! A professional book study is not just about reading a book—it's an **active, engaging** and **collaborative experience** that enhances skills, broadens knowledge, builds connections and supports educators' personal and professional growth.

## Variety of Titles

Choose from titles that keep you up-to-date with what's happening on subjects that are central to your work in math education.

## Custom Plans

Prior to starting the book study, a customized plan will be developed to have actionable takeaways to optimize student impact.

## Embedded Support

Provide your team with individualized, ongoing support throughout the school year, helping them grow and reach their goals.

## Book Study Activities & Support

Consultants can customize the learning experience to deepen your expertise through activities, including, but not limited to:

- Professional learning facilitation
- Collaborative discussions & learning
- Practical applications
- Coaching cycles
- Implementation co-planning
- Observation or feedback
- Implementation problem solving
